Monday - Friday 8.30am - 7.00pm

Saturday 9.00am - 12 noon

Moredon Surgery was the first branch surgery of Drove Veterinary Hospital opening in 1984 in Moredon Road. It is an important part of the local community offering help and advice to many local people. The surgery premises was originally a family home and became a hairdressers in later life, before becoming a Veterinary Surgery. The surgery is situated in the local shopping community, with our own private car park at the rear of the premises.

A full range of facilities are offered at Moredon, with operations and X-rays carried out on the premises, with the back up of the main hospital for emergency care and hospitalisation.

Our future... designed for the life time care of your pets
