### **Taw Hill Opening Times**

Monday - Friday 8.30am - 1.00pm  
2.00pm - 7.00pm  
Saturday 1.00pm - 3.00pm

Our **Taw Hill branch** opened on 21st February 2006 within the village centre at Taw Hill in the North area of Swindon. The surgery offers a full range of small animal services, including a fully equipped operating theatre, where operations will be performed on site. There is an exciting fully stocked pet shop, where you can buy a wide range of pet accessories (8000+ products available next day delivery). Whilst we are a large practice with a State of the Art Veterinary Hospital at its centre, with vets specialising in Cardiology, Ophthalmology, Internal Medicine, Dentistry, Imaging, Orthopaedic and Soft Tissue Surgery, we are committed to providing one-to-one care in your local community by a vet, nurse and reception team you can trust.

Our future... designed for the life time care of your pets
