

The GROOMING Studio

A Safe Visit to the Grooming Studio during Covid19.

We are really looking forward to welcoming your pet back to the Grooming Studio!

Please ensure you have read the below before visiting to ensure we are all adhering to the current guidelines. If you have any questions please call us.

- 👑 Please make us aware if you or members of your household are exhibiting Covid19 symptoms or self-isolating. We are unable to groom your animals until the end of your Covid19 quarantine period.
- 👑 Clients are not permitted inside the Grooming Studio at any time under the current restrictions. Animal handover will be completed in the carpark on the Grooming Studio 'X-Spot' and following our social distancing guidelines displayed on the door.
- 👑 If we are already in the middle of a handover, please wait in your vehicle or at a safe minimum 2-meter distance outside of the Grooming Studio.
- 👑 All Payments are to be made over the telephone where possible.
- 👑 We are only accepting appointments via telephone or emails.
- 👑 We appreciate you will require your animals usual grooming style. However due to the delay of your normal grooming routine during these uncertain times coats maybe un kept and matted. This may leave no other option but to clip much shorter than normal. We will discuss this with you before proceeding.
- 👑 During the current restrictions we are unable to offer day boarding for dogs with this in mind we do ask that you arrive promptly to collect your animal once you have been contacted.
